If the rat race is wearing you out and you need a break not too far away from the city, then Shangri-La Country Hotel and Spa (situated

90 minutes outside Joburg and 14km from Modimolle) has everything you need and much more. Named for a fictional, mystical place described in James Hilton's 1933 novel, *Lost Horizon*, Shangri-La (meaning "the place of

eternal youth") aims to be a hidden paradise.

This Limpopo-based, secluded, sub-tropical paradise in the heart of the bushveld offers all the amenities and cheerful service you'd expect from a four-star property, without the hefty price tag. It's an ideal destination for families, offering child-care facilities, family-friendly restaurants and activities for both young and old.

The hotel also provides a country setting for destination weddings, with a chapel and a variety of romantic venues.

Members save 25 percent when booking to stay at Shangri-La between May and September 2016 before March 31, 2016.
